

Bridging Ag and Conservation

Our Vision

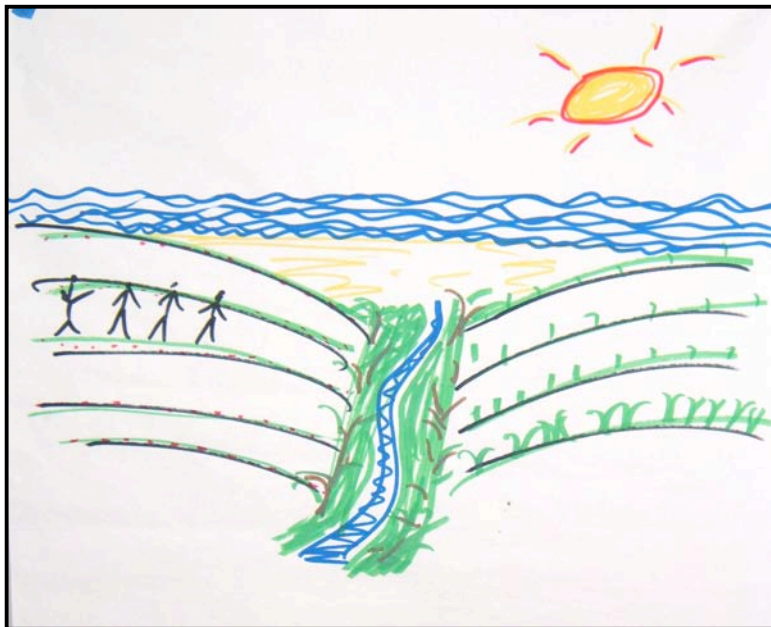

Bridging the Agriculture (Sustainable, incl. environmental, social justice) and the World of Conservation / Restoration

Descriptive Highlights

- Farms / Conservation areas in top notch health
- Farmers / Farmworkers in top notch health

Key Benefits

- Land conservation
- Water quality
- Biodiversity
- Local food
- Support estate planning and conservation

First Steps

- Preserve Farmland and Conservation Areas
- Provide farmers to truly become sustainable
- Outreach that is truly effective --> a clearinghouse of information made available → master website
- More programs like ALBA/RCD

Available Resources

- Land trusts, Open Space Alliance, Ecological Farming Association, Ag Water Quality Alliance (www.awqa.org), Community Alliance with Family Farmers, Farm Bureau, Wild Farm Alliance, RCD, NRCS, Water Quality Alliance

Other Things We Need

- Other institutions to be involved (churches possibly?)
- Training videos in sustainable farming/conservation in English and Spanish

Who's Taking the Next Step?

- **Covener:**
 - Chris Goodson, Ag Water Quality Alliance
Phone: 831-227-5404
Email: goodsonwq@yahoo.com
- **Participants:**
 - Josh Fodor

- Kate Stafford
- Reggie Knox
- Roxanne Evans
